

Multiple Undergraduate Degrees

Multiple degrees are defined as more than one degree granted by the university (whether simultaneous or sequential). One diploma is awarded for each degree. When awarded simultaneously, two degrees are referred to as dual degrees, three degrees as triple degrees (page 61, Undergraduate Catalog 2008-2010).

Requirements:

Students must declare their intent to complete a multiple degree by no later than registration time (early November) of the junior year. To receive multiple bachelor's degrees the student needs to:

- satisfy all requirements for each degree. It is the practice in H&SS that students from outside of the college are not required to complete all elements of the College general education curriculum. Since these students must complete general education requirements in the home college that have similar goals and sufficient overlap with those prescribed by H&SS, we consider it sufficient.]
- complete at least 90 units beyond the total units required for the first degree.
- comply with CMU's Statute of Limitations: All units required for an undergraduate degree, whether earned in residence, transferred from another institution or granted via advanced placement, must have been earned within eight (8) years of the date on which the degree is granted.

To be Accomplished by the Student:

1. Meet with the Primary Degree/Major Advisor. Review requirements, course "double-counting" issues and plan out the semester of graduation. Once agreed upon, have the Primary Degree/Major Advisor complete the information requested below for the first degree.
2. Take this form and meet with the Degree/Major Advisor of the intended Second Degree/Major. Review requirements, course "double-counting" issues and plan out the semester of graduation. Once agreed upon, have the Second Degree/Major Advisor complete the information requested below for the second degree, enter 2nd degree information on your student record, and distribute copies (as indicated below).

Student's Name:	Campus Student ID#:	SMC #:	E-mail:
